Laurie - In that case, since they complied with the order, I do not believe we need anything formal. I'm comfortable with the yellow card reflecting that a \$200 fine was paid for violations of hours of sale regulation 1.

There was an oral order rather than a settlement. This was the licensee who sold after 2 a.m., correct? If so, they are to pay a \$200 fine or face suspension. Have they paid?

Hi Wesley

I don't have a copy of the settlement agreement that the Board had for Vermont Ale House. Can you send me a copy please? Thank you.
